YES! LIFT A CORN OFF WITHOUT PAIN!

Cincinnati Authority Tells How To Dry Up A Corn Or Callus So It Lifts Off With Fingers

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezezone applied directly on a tender, aching corn or callus, stops soreness at once and soon the corn or hardened callus loosens so it can be lifted out, root and all, without pain.

A small bottle of freezezone cost very little at any drug store, but will positively take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to irritate the surrounding skin.

If your druggist hasn't any freezezone tell him to get a small bottle for you from his wholesale drug house. It is fine stuff and acts like a charm every time.

It is easier to keep a good for nothing dog in the house than it is to keep the wolf from the door.

The fight in Congress over Government control of food and other necessities has virtually narrowed to the question of prohibition. Senator Lodge opened the contest yesterday with a speech in favor of continuing the manufacture of beer and wine. He said it would be a burden on German-Americans to have their supply of beer cut off. Senator Johnson, of California, and Kellogg, of Minnesota, delivered speeches on the same promising their support as a war measure.

CARD OF THANKS

We are deeply grateful to all who were so good and thoughtful in the illness and death of our child. We shall never forget the kindness shown her and us and hope some day to be able to partly reciprocate the many good deeds. The thoughtful-ness of those friends who covered her grave with beautiful flowers will ever be cherished by us, and we are under lasting obligations to Miss Lucile Beazley, who nursed and cared for our daughter, Mr. and Mrs. C. V. Gentry.

THE EVILS OF CONSTIPATION

Constipation is one of the main reasons why the average human life is below 40 years. Leaving waste material in the body, poisons the system and blood and makes us liable to sick headaches, biliousness, nervousness and muddy skin. When you note these symptoms, try Dr. King's New Life Pills. They give prompt relief, are mild, non-gripping in action, add tone to your system and clear the complexion. At your druggist, 25c.

FROM AN EX-LINCOLN CITIZEN

Springfield, Mo., June 25—I see by the label on my paper my time is about up. I can't do without it, so I will enclose check for \$1.50 for another year. We are having fine weather here. The crops of all kinds are simply great. Our street car strike has just been settled, all union men going back to work in a body; company retaining all new men they had working. The union men retain this organization but no one required to join in order to work for the company. I don't know how it is going to work. We have had eight months of car strike. I don't want to see another one. I am glad you are back at the helm for I did miss your good editorials. The I. J. has more backbone than the Springfield Leader and Republican here. They are both afraid of their shadows. Give my best regards to all my old friends, especially Thompkins Cooper, Judge Bailey and T. D. Newland. I see in the I. J. right often where one of the old land marks passes away. It makes me feel like I am getting along in years. Wife and I celebrated our 40th wedding anniversary on the 23rd of last month (May), so you see I am no spring chicken. Love to everybody. Your old friend, L. L. Dawson.

TRANS-ATLANTIC AIR LINES

A billion dollars probably would be required to put 100,000 American airplanes and 10,000 to 20,000 aviators into the war. Allen R. Hawley, president of the Aero Club of America, told a subcommittee of the House Military Affairs Committee. He declared 25,000 aviators could do more toward ending the war than 1,000,000 additional soldiers. He endorsed the bill to establish a separate department of aeronautics.

What might remain of the 100,000 airplanes when peace is restored could be utilized for commercial purposes, he said. A French Government commission now is making plans for such use.

Mr. Hadley predicted that the day of transatlantic air lines was at hand.

"We are now manufacturing air cruisers capable of crossing the Atlantic, and have both the pilots and the instruments needed for piloting them," he said.

NEVER NEGLECT A COLD

A child after bathing, cooling off suddenly after exercise and drafts, give cold germs a foot-hold that may lead to something worse. Safety requires early treatment. Keep Dr. King's New Discovery on hand. This pleasant balsam remedy always inflames the tissues. Better be safe than sorry. Break up the cold with Dr. King's New Discovery before it is too late. WIND STORM DOES DAMAGE

The wind storm of Thursday afternoon blew a portion of the roof from the home of R. L. Albright at Rowland and twisted one of the chimneys of the residence of Frank Martin on the Cut-off pike.

MARRIAGES

Miss Jessie Owens, of German-town, and Mr. Paul Jones Hughes, of Columbia, were married at Danville this week.

Miss Addie Baker, of Burgin, and Cecil Davis, of Boyle, were married at the Phoenix Hotel, Lexington, Wednesday by Rev. A. W. Fortune.

Miss Lula Belle Route, of Boyle county, but who lived in Lincoln until a few years ago, was married several days ago to Herbert Johnson, a thriving young Boyle county farmer.

The bride is the attractive daughter of W. D. Route and has many friends in this county who feel to congratulate the young man who has won her heart and hand.

Our Hustonville correspondent tells of the marriage of Miss Prill Newbern and Junius H. Reid, two popular Hustonville people. They were made one after God's holy ordinance at Danville Tuesday and left immediately for a short bridal trip.

Returning, where Mr. Reid has a splendid position with the Chestnut-Salter Hardware Co. Both Mr. Reid and his bonnie bride have many friends here in Stanford who wish them unalloyed happiness and all the good things that can come their way. Mr. Reid lived in Stanford for several months and our people remember him as being a most courteous, affable gentleman. Mrs. Reid is a splendid young woman, bright and pleasing, and will make the clever gentleman who has won her a model helpmeet.

At Burnside at the home of Mr. and Mrs. J. W. Sloan on Wednesday Miss Pearl Acey and Mr. W. D. Humphrey, both of this city, were united in marriage. The wedding was a very beautiful one and the home was tastefully decorated for the occasion. Quite a number of friends were present and after the ceremony a delicious dinner was served. Later in the day the happy pair left for Knoxville and other Southern points to spend their honeymoon. The bride is the charming daughter of Mr. and Mrs. J. W. Acey, of this city, and they attended the marriage. She is an exceedingly fine young woman and is very popular in her home and at Somerset, where she frequently visits. For many years she has held the position of stenographer for the George P. Taylor Co., at Burnside.

The groom is a former Casey county man but has been in business at Burnside for some time. He is not only a good business man but a fine gentleman.

The marriage of Miss Louise Kenningham Thomas, of Frankfort, and Mr. Wesley Dunn Embury, of Stanford, was solemnized last evening at 8 o'clock at the home of Miss Minnie Dinwiddie, on Broadway near Third Street.

The Rev. O. M. Huey, pastor of the Crescent Hill Baptist Church was the officiating clergyman.

The entire house was artistically decorated in quantities of Dorothy Perkins roses and in the hall, where the ceremony was performed, an altar was improvised of palms and ferns.

Miss Nan Hammond, of Frankfort, was the maid of honor and Mr. Samuel Embury best man. The only other attendants were the flower girl, Miss Mary Skinner, of Hustonville, and Miss Mary Harper, of Greenville. Mrs. Ella Dent and Mr. G. S. Mattingly played the wedding march.

The bride wore a beautiful wedding gown of tulle and rose point lace made with a short bouffant skirt and a V-cut bodice of lace and tulle with small puff sleeves of tulle. Her flowers were a loose arm bouquet of roses and white sweet peas with a shower of lilies of the valley.

The maid of honor's costume was of pale yellow satin and she carried an arm bouquet of Sunburst roses.

The flower girls wore dainty lace trimmed frocks of white organdie and carried small old-fashioned bouquets of pink rose buds.

Following the ceremony there was an informal reception at the Seelbach, and after spending a few days in this city, Mr. and Mrs. Embury will go to Crab Orchard Springs for a short stay.—Louisville Herald.

THE GREAT BRODHEAD FAIR

The Interior Journal job printing department is busy this week getting out the catalogue for the Brodhead fair which will be held August 15, 16 and 17. The premium list is a very comprehensive one, including besides horses, cattle, hogs, sheep, etc., garden products, field crops, and women's work. Liberal premiums are offered in all rings and classes and the fair this year should be the biggest and best ever held in the bustling little town of Brodhead. The catalogue will be ready for distribution next week and those wanting one should write to the secretary, Granville Owens, at Brodhead. The officers of the association are J. G. Frith, president, R. H. Hamm, vice-president and Granville Owens, secretary and treasurer. The directors are: J. G. Frith, W. E. Gravely, G. Owens, C. H. Frith, A. J. Haggard, J. W. Tate, A. E. Albright, R. H. Hamm, R. S. Shivel.

ARE THEY GERMAN SPIES?

A few days ago there came in on the afternoon train from Richmond two men, who may be German spies. Any way they are a pair that Stanford was fortunate in getting rid of before they did any damage. The two engaged seats in Minks' Danville auto, but when he was ready to start, they informed him that they had made other arrangements, in fact had engaged Harry West to take them over. Mr. Minks had turned down two people who wanted to go and he felt that the men should pay him for the seats they had engaged, and so told them. They declined to "come across" with the money where the automobile man took one of their grips—and they had seven between them—and placed it in his car, saying that he would hold it until \$2 was paid him. Chief of Police Carter was called by Mr. Minks and on his arrival they handed over the amount claimed. Later the men came across Mr. Minks and drew their guns on him, but did not shoot. Mr. Minks, by good luck, came upon two secret service men and told them about what had happened. They took them in charge and found in their grips time fuse, pulverized dynamite, nitro-glycerine and other explosives enough to blow up a good portion of the county. Where the two men were taken, Mr. Minks does not know, but he told the I. J. Thursday that he had it pretty straight that they were tried on the charge of being spies and that they would be executed at Fort Thomas, or some place near there July 15th. Of course the report may not be true, but there is no doubt about the fellows having with them explosives of a dangerous character and it may have been a very fortunate thing that Mr. Minks had his little misunderstanding with them.

ENJOYED "WIENIE" ROAST

A "Wienie" roast is something new under the social sun, we presume, but such a thing was greatly enjoyed by a crowd of 50 or more Brown Springs, just North of Crab Orchard Springs, Wednesday night. A delightful lunch was served and in addition to other good things the German dish—"wienies"—cooked over a blazing fire by the young people, was vartaken of. Following is a list of those who were in the jolly crowd: Miss Lottie Carson, C. H. Moser, Miss Lettie W. McKinney, Mack Mobley, Miss Elizabeth Hunn, Edward Tanner, Miss Nancy Hunn, W. P. Grimes, Jr., Miss Lissa Holtzclaw, Salding Hill, Miss Elizabeth Holtzclaw, J. E. Jordan, Miss Nancy Weddle, Patterson, Tanner, Miss Lydia Weddle, A. C. Coffey, Miss Mary Breeding, Mr. Bridgewater, Miss Corine Breeding, Lee Toney, Miss Mary Dee Beck, June Givens, Miss Margaret Beck, Ewalt Givens, Miss Ruth Beck, Hugh Reid Foster, Miss Bell, Alger Weddle, Miss Matsy Grimes, Jessie Hocker, Miss Ruth Tanner, Howard Newland and Mrs. Rawlings.

LABOR SCARCE AROUND HERE

That labor is scarce in this section of the State is shown in the fact that one of our prominent farmers made a trip to Frankfort the other day to try and get a convict from the State Reformatory to help him on his farm. Mr. J. Nevin Carter is the man, and he was very much disappointed at his inability to secure help. He was told by the prison commissioners that there were applications for 700 or 800 men ahead of him and that it is probable that his name would not be reached for a year. The Q. & C., which is double tracking a good portion of its road in this county, it is reported is paying \$3 a day for unskilled labor and is finding difficulty in getting all the men wanted at that price. The labor question is a very serious one just now.

Croup, Whooping-Cough Relieved

Children's diseases demand preparedness. When the child wakes you at night, gasping and strangling for breath, how thankful you are to have Dr. Bell's Pine-Tar-Honey at hand. Keep Dr. Bell's Pine-Tar-Honey in the house for all colds and bronchial troubles. At your druggist, 25c.

There will be speaking, base ball, fat man's race and many other things too numerous to mention. The management extends a special invitation to the county and Senatorial candidates.

NARROW ESCAPE FROM FIRE

The barn on Mr. J. H. Eads' farm out on the Danville pike was discovered on fire Tuesday morning between 8 and 9 o'clock and but for the good work of Mr. Eads and his son, it might have burned to the ground. There was some 100 barrels of corn in the building. The origin of the fire is a mystery.

THE LATEST WAR NEWS

The Canadians have taken another back at the German lines protecting Lens and have captured first-line positions before Avion and Leauvette. When the battle ended and the Canadians began the work of consolidating their newly won positions their line extended to within one mile of the center of Lens.

Brazil has revoked her decree of neutrality and Germany has a new foe arrayed against her.

U-boats have been able to sink 59 per cent. of the munitions tonnage from North America to Great Britain, according to a statement made yesterday in the House of Commons by Dr. Addison, Minister of Munitions.

Corp. James Norman Hall, American aviator and member of the Lafayette Flying Squadron, was shot through the lung during a fight with eight German airmen.

American troop ships have successfully braved the terrors of Germany's submarine warfare and landed two contingents of American fighting forces in France—men of the regular United States army. The troops, the first to reach the war sea, were greeted enthusiastically on their unexpected arrival by the townspeople of the port at which they debarked. The men, all in fine fettle, have been sent to a nearby training camp, whence they are expected to proceed soon to a point near the battle-front, there to remain until they are sent against the enemy.

In the Asiago plateau zone the Austrian artillery has shattered positions taken recently by Italians and recaptured them. Vienna claiming 1,800 were taken as prisoners. Lively fighting continues between Russians and Austro-Germans, especially in Galicia.

Mines or Teutonic allied submarines were responsible for the sinking last week of twenty-one British vessels of more than 1,600 tons each and seven under 1,600 tons, according to the weekly British Admiralty statement.

Canadian troops practically have clinched the capture of Lens, the important coal center long held by the Germans, and the town already has been enveloped on three sides. The latest smash at the German lines resulted in the capture of La Coultotte, a mile south of Lens.

RECRUITING OFFICERS HERE

Capt. M. T. Back and W. F. Taylor, recruiting officers, were here this morning demonstrating the wonderful Lewis gun, that Americans soon will be using in the trenches of France. It is a remarkable fowling piece, shooting 600 times per minute and accurately at 2,000 yards. The gentlemen were hunting recruits, but were not successful here. From here they went to Lancaster and thence to McKinney, making the three towns in a single day. Earl Bell, son of Tom Bell, of Moreland, had recruited with them before arriving here and is making the trip with them.

ONLY \$140,000 ASSETS

An important meeting of the Kentucky Rural Credit Association was held at Lexington first of the week, when the amount of assets, approximately, \$140,000, were turned over to C. C. Bosworth, who was elected trustee of the defunct company. The assets had been in the hands of R. J. Colbert, receiver, since July last. A meeting of the stockholders is called for July 19th, to take steps toward a distribution of the assets. Several Lincoln county farmers have stock in the concern, which will probably pay 25 to 30 cents on the dollar.

CRAB ORCHARD SUNDAY NIGHT

WOMAN'S CLUB ENJOYS PICNIC

The Woman's club picnic at the fair grounds on Ed Ballard's place Thursday afternoon proved a very enjoyable affair. The married members of the club took their husbands and many of the unmarried one took their beaux. A splendid lunch was partaken of and the outing proved a very delightful one.

BELEATED HONORS TO CLARK

Just about the time Speaker Champ Clark was to graduate at Transylvania College, Lexington, Ky., he shot at a man and was expelled from the institution. He then went to Bethany College, West Virginia, and graduated and afterwards became president of Marshall College, W. Va., being known as "the youngest college president in America." The fact that the distinguished gentleman who presides over the lower house of congress was a pretty bad boy some 50 years ago, would probably not have been made public at this late day but for the fact that the college authorities decided to forgive his youthful indiscretion and issue him a diploma as doctor of laws, which has just been sent to him at Washington, to his very great satisfaction. This is another instance that bad deeds like murder will out, though their recital can not now hurt the man, who still achieving, still pursuing, learned to labor and to wait that justice would be done him. When asked about the shooting, the speaker was a little chary, but expressed his satisfaction that he missed his mark. Had he hit it instead and killed his victim, his whole life would have been changed and darkened and he might have occupied a felon's cell instead of the seats of the mighty. It was a close call for him, however, and proves how slight is the cord upon which our destiny sometimes hangs.

Rev. E. C. Cravens, of the Princeton Christian church, seems to be something of what his name indicates. He deserted his bride of a few months, leaving a note saying that when she read it he would be on a vessel bound for Europe, but it seems that he didn't go, for when last heard of he was in Louisville, where he bought diamonds to the amount of \$675 from J. K. Lemon & Son. The firm called up a Princeton banker before letting him have the jewels and was informed that he had recently married a rich widow and that the purchase did not seem an unreasonable one.

Since he has gotten into politics Editor H. V. Bell's Lawrenceburg News, without editorial expression. This reminds us that when a certain Stanford citizen was a candidate for jailer many years ago, he was asked to say something in a warm protracted meeting which was then in progress. "I am not talking now, I am a candidate," responded the gentleman and the preacher just smiled. Brer Bell may be holding his tongue like the Stanford man while he is running for Representative and will "let'er go Gallagher" after the race is over.

The Lexington circuit court continues practically to license gambling houses and houses of ill fame by once or twice a year fining the people who run them and who no not stop a day from their nefarious business. If we are not mistaken these people can be sent to prison, but as long as the commonwealth's attorney gets 50 per cent. of the fines, the prison punishment will continue to be omitted. What do these gentry care for fines, which are no larger than the license would be if such disreputable concerns were licensed? Stiff prison sentences would tell a far different tale, however.

Bruce Miller has made a wonderful improvement in the Paris Kentuckian-Citizen. It has always been as chock full of news as a bee is of honey, but the editor was as shy of expressing an opinion as a demure little maiden is to pronounce the word "yes." He has added a number of interesting features and now not only tells his readers what he thinks but does it in double column space.

The death of James R. Gray, editor of the Atlanta Journal, is a loss to journalism not only in Georgia but to the country at large. He was a big man and fought for right as he saw right, it mattered not who it helped or hurt. That class of newspaper men are far too few and far between and the loss of a single one of them is in the nature of a calamity.

A daughter worth \$80,000 has been indicted in Louisville for failure to provide for her father, whom she had sent to the poor house. A son might be guilty of such criminal neglect, but it is hard to imagine how a normal daughter could be. But we are constantly being admonished of "how sharper than a serpent's teeth it is to have a thankless child."

Profiting by the terrible fire which recently devastated so much of Atlanta's beautiful territory, the council has ordained that hereafter no house shall be built in the city unless it be provided with a metal roof. This should be the rule everywhere—without waiting for the foolish performance of locking the stable after the horse is stolen.

Your Uncle Samuel has just completed his count of gold in his strong box at his assay office in New York and found that it totals \$765,000,000, the largest amount ever gotten together and ten times the normal quantity. The richest country is constantly breaking records of the wealth of the world.

It ought to be made a capital offense to waste powder in July 4th celebrations this year, as badly as every pound is needed in the war against autocracy. Foster in every way the spirit of patriotism, but keep your powder for a better and a nobler purpose.

Tom Watson, Georgia's pestiferous editor and politician, is in trouble again. This time his paper is held up because of his attacks on the army draft, pending a decision of the post-office department.

His friends, and they include all who know the clever gentleman, will regret to learn that on account of failing health Editor Louis W. Landrum, of the Danville Messenger, has been forced to relinquish his work for a while. It is hoped that he will soon be back on the job, which he fills so excellently.

The Cincinnati School Board has cut out German from the common school curriculum. This isn't a bad idea for the city whose inhabitants for a large part are Germans. It will make them give greater study to the language of the country of their adoption.

Prof. J. R. Johnson has withdrawn from the race for the democratic nomination for Representative of Madison county.

The First National Bank building at Harrodsburg, one of the most historic landmarks in that city, is being razed to make way for a handsome yellow brick structure.

At a meeting of the County Board of Education of Mercer county it was decided to have an eight months' term for the country schools. They will begin in August, instead of July.

MISS NOE SCORES HIT

The Cincinnati Enquirer has this to say of a recital in that city, in which Miss Emma Noel, who frequently visits Miss Berta Jean Penney here and who has many warm friends in Stanford, took the leading part: "On Friday afternoon in Mrs. Vachel Worthington Anderson's big music room, at her home on the Grandin road, with each window a frame for different picture of the garden, Miss Minnie Tracey presented her gifted pupil, Miss Emma Noel, in a recital that brought both many well-earned compliments. The program was well balanced and attractive, each number being sung with charming art in the original French, German, Italian or English. Miss Noel's voice is a brilliant dramatic soprano, with a wide range that Miss Tracey has developed with great success. To the native opulence of her voice, which is very lovely, Miss Tracey has added the art of interpretation and dramatic color, which were particularly noticeable in the last act of 'L'Africaine,' which the young artist sang with grace, fervor and understanding, acting the role with an abandon born of her admirable training. Both Miss Tracey and Miss Noel were a center of congratulation after the music, receiving the audience with Mrs. Anderson. A few of those offering their warmest commendations were Mrs. Longworth, Mr. and Mrs. Bellamy Storer, Mrs. Frederick Hinkle, Dr. and Mrs. Harold Beckett Gibbs, Mrs. Hoadly, M. Tirindelli, Mrs. Nathan Powell, Mrs. Telford Groesbeck, Mrs. C. G. Blake, Mrs. Evans Lippincott and her guest, Mrs. Morse, of Paris; Mrs. Phillip Hinkle, Mrs. Harry Kinney, Miss Lucy Pendleton White, Mme. Dotti, Miss Georgia Bell, Miss Elizabeth Blake, Misses Julia, Mary and Margaret Anderson, Miss Elizabeth Barbour, who played the difficult accompaniment with consummate skill, Miss Marion Devereux, Mrs. Maurice Joseph and Mrs. Samuel Assur.

Howard Grant, a brother of Kenton Grant, who was thrown from a mule and killed in Madison county, died a few days after attending his brother's burial. He grew ill at the funeral.

THOSE AWFUL CRAMPS

Suggestions that may save Much Suffering

Marysville, Pa.—"For twelve years I suffered with terrible cramps. I would have to stay in bed several days every month. I tried all kinds of remedies and was treated by doctors, but my trouble continued until one day I read about Lydia E. Pinkham's Vegetable Compound and what it had done for others. I tried it and now I am never troubled with cramps and feel like a different woman. I cannot praise Lydia E. Pinkham's Vegetable Compound too highly and I am recommending it to my friends who suffer as I did."

—Mrs. GEORGE R. NAYLOR, Box 72, Marysville, Pa.

Young women who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion should take Lydia E. Pinkham's Vegetable Compound. Thousands have been restored to health by this root and herb remedy.

Write for free and helpful advice to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Only women open and read these letters.

IT'S SURPRISING

That So Many Stanford People Fail To Recognize Kidney Weakness

Are you a bad victim? Suffer twinges; headaches, dizzy spells? Go to bed tired—get up tired? It's surprising how few suspect the kidneys.

It's surprising how few know what to do.

Kidney trouble needs kidney treatment.

Doan's Kidney Pills are for the kidneys only.

Have convinced Stanford people of their merit.

Here's a Stanford case; Stanford testimony.

Kidney sufferers hereabout should read it.

R. G. Jones, Whitley Ave., Stanford, says: "I had attacks of kidney complaint and the kidney secretions were irregular in passage; at times too free then again scanty in passage and containing sediment. My back was sore and lame and I could hardly bend over or move my back in any way on account of sharp catches across my kidneys. Black spots floated before my eyes. I had dizzy spells and headaches, also. I read of Doan's Kidney Pills and bought some at Penny's Drug Store. They strengthened my back and put my kidneys in good order."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Jones had. Foster-Milburn Co., Props., Buffalo, N. Y.
